HIGHLIGHTED PROGRAMS

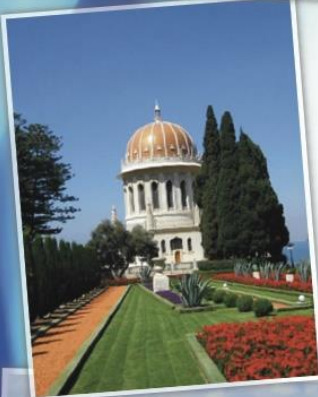

AIPAC Campus Allies Program

This mission is uniquely designed for student leaders from Historically Black Colleges, Christian Campuses, Hispanic Association Colleges, and campus political leaders. Participants walk the ancient land of Israel, gain a deeper understanding of the strategic and social issues facing Israel today, and examine challenges and opportunities associated with the US-Israel alliance.

ADL Campus Leaders Mission to Israel

This Anti-Defamation League program is for campus leaders who have never been to Israel. Student Government Leaders, Organization Presidents, and Student Newspaper Editors will gain a first hand perspective of the country by meeting with its culturally diverse population, engage with its vibrant society, and touring the historically and geographically significant land.

CAMERA

CAMERA seeks undergraduates with excellent communication skills who can organize Israeli events on campus and travel on a mission to Israel. CAMERA Fellows will organize 3-4 programs during the school year, write op-eds, earn a stipend, and travel to Israel for intensive leadership training.

Christians United For Israel

This fully subsidized two-week trip, offered to CUFI's most accomplished student activists, allows the future leaders of America to explore the land of Israel and learn the complexities of the historical conflicts first-hand from top Israeli and Arab leaders.
